

LOJIN WAEL

Data Scientist | AI & Machine Learning Student

Email: Wlogy0843@gmail.com

LinkedIn: Lojin Wael

GitHub: Lojin Wael

PROFESSIONAL SUMMARY

Computer Science student specializing in Artificial Intelligence, Machine Learning, and Software Development. Experienced in building AI-driven systems in healthcare, deep learning, databases, and bioinformatics. Passionate about creating intelligent and scalable solutions that solve real-world problems through data and technology.

EDUCATION

Badr University in Cairo (BUA)

School of Artificial Intelligence

Bachelor's Degree in Artificial Intelligence (2023–2027)

TECHNICAL SKILLS

AI & Data Science: Machine Learning, Deep Learning, Data Analysis, Pattern Recognition, Bioinformatics

Programming Languages: Python, C++, Java, HTML, CSS, JavaScript

Frameworks & Tools: Scikit-learn, PyTorch, LangChain, Streamlit, Tkinter, Google Gemini

PROJECTS

HealthMate (Featured Project) – AI-powered clinical support platform using Python, Google Gemini, LangChain, and Streamlit.

Product Management System – Desktop application using Python, OOP, and Tkinter.

DNA Sequence Analysis – DNA alignment and mutation detection using R and Bioinformatics.

Machine Learning Models – Regression, classification, clustering, and feature reduction using Scikit-learn.

Deep Learning Project – Neural network models and optimization using PyTorch.

LANGUAGES

Arabic: Native

English: Good Working Proficiency
